ing the chamber of citations being issued for improperly de- viced incinerators. There seem to be many points which need clarifying. The smog control board is being contacted to find out which are approved and not approved types. This information will be passed on to the public as it is obtained.

Drag Races

A committee headed by Erick Erickson, and Herb Blank, will investigate the possibilities of organizing by the chamber drag races which would be held every Sunday. This would have a three-fold purpose: 1) to help alleviate the teen-age problem; 2) to reduce traffic accidents by having organized races; 3) to make this a fund raising plan to further other youth programs.

There is also a committee working on installing benches at various bus stops throughout the area. Four new benches are to be installed this month. The committee is headed by Manuel Gonzales and Dave Egan.

refineries must install storage tanks with floating roofs and a vapor recovery system within two years.

Smog Control Program

The Air Pollution Control District spokesman pointed out that a four-step smog control program is being considered, as follows: a) gasoline control (especially in regard to refineries); b) control of car vapors if this will be found necessary; c) control of combustible rubbish (incinerators); and d) the possibility of air pollution control zoning.

"Keep right, be right," is the slogan that indicates an important part of the proper approach to safe driving according to the California Highway Patrol.
